O designer
Jader Almeida

Our logo

Short intro

Design como linguagem. Estética como filosofia.
Desde o seu início, a marca JADERALMEIDA tem
incorporado uma voz distinta no design brasileiro
contemporâneo.

Cada criação carrega um senso de precisão
silenciosa e refinamento atemporal, transformando
a função em sentimento e o cotidiano em arte.
Mais do que objetos, essas peças expressam um
modo de vida — equilibrado, gracioso e
duradouro. Por meio da forma e do material, Jader
Almeida explora como a beleza se move pelo
espaço e como os detalhes sutis definem uma
experiência. "Projetar é traduzir o invisível em
forma." — Jader Almeida

ABOUT US

About Creatomy

Creatomy is a design-led furniture and interiors studio grounded in craftsmanship, material integrity, and thoughtful execution.

We work with homeowners, architects, designers, and commercial clients to create spaces that are refined, functional, and enduring. Our approach is rooted in clarity — prioritising proportion, detail, and quality over trends or excess.

Design, for us, is a long-term investment. Every piece and space is conceived to age gracefully and serve its purpose well.

Our Approach

Every project begins with understanding the space, the context, and the people it is designed for.

We take a considered, collaborative approach — balancing aesthetics with practicality, and creativity with structure. Materials are chosen for their honesty and performance, and every decision is guided by longevity and relevance.

Clear processes, attention to detail, and consistency in execution define how we work.

Craft & Capability

Our work is built on a deep respect for materials and making.

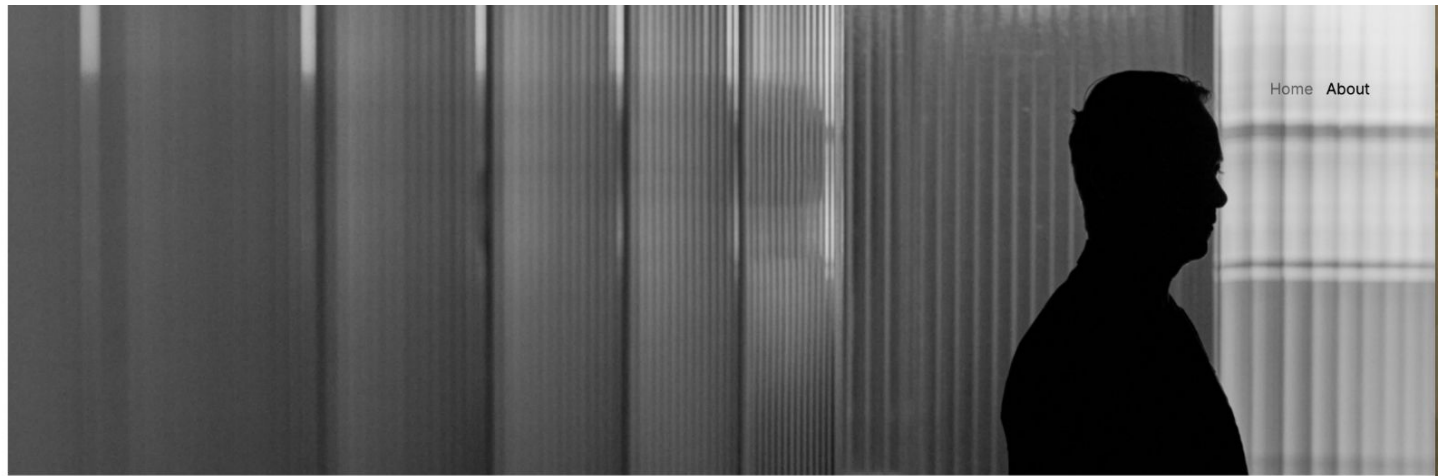

We work across wood, metal, stone, upholstery, and finishes, combining skilled craftsmanship with contemporary production methods.

Strong relationships with craftsmen and production partners allow us to deliver flexibility, precision, and quality across projects of varying scale — from individual pieces to fully realised spaces.

- The Sollos

Design as language.
Aesthetics as philosophy.

Since its origin, the JADERALMEIDA brand has positioned itself as a unique expression of contemporary Brazilian design.

With a refined and timeless aesthetic, its creations go beyond their utilitarian function and become extensions of the lifestyle of those who choose them. More than objects, the brand proposes experiences — shaped by balance, lightness, sophistication and proportion.

“To design is to interpret the world and give shape to the invisible.”

— Jader Almeida

The Sollos

Designer Jader Almeida

Commanding with strategic vision the materialization of his projects into a complex and extensive line of furniture and objects, Jader Almeida combines the most advanced serial furniture manufacturing system with the exquisite and irreplaceable treatment of manual finishing.

Jader Almeida's pieces are revealed in layers. Each one can be savored slowly. Considered as pure form, a project in search of beauty, his design is striking, with fine and fluid lines, soft curves, rounded intersections, delicate balances at the limit of physics and geometric themes that repeat themselves. If you get closer to the finished piece, you see the effect it has on the surrounding space, the harmony between the components, the color palette, the elegant combination of materials.
